

## DOC Catalysts for Stationary Diesel CO Oxidation

EmeraChem's DOC<sup>TM</sup> family of diesel exhaust catalysts yields optimal conversion efficiencies with reduced catalyst volumes for the lowest evaluated or life cycle cost.

### Designed for the strictest applications:

- EPA (NESHAPS) Compliance
- Fully Integrated with EmeraChem housing / silencer products

### Produced on a variety of catalyst supports:

- Ceramic and Metallic flow through supports
- Ceramic particulate filters

### High performance and durability products:

- Excellent low temperature performance for CO conversion
- Low SO<sub>2</sub> conversion
- Washcoat engineered for long life

EmeraChem is a leading full-service provider of catalysts and catalytic solutions with resources encompassing every aspect required to satisfy customer needs, from analyzing process conditions through manufacturing to delivering the final product with specialty catalyst formulation.

EmeraChem delivers distinctly-focused, customer-specific engineered solutions within budget and on schedule.
